Being rated 4A is similar to being a Grand Prix
race car driver or a Michelin five-star restaurant...

-Albert Barrett-

Corky Carroll was a surfer. His name would become
tied to the sport in October 1972. Up to this
point, surfing had been a sport of a few
people, a sport that was not yet ingrained in the
mainstream consciousness. Corky Carroll
changed all that. He brought surfing to the
mainstream. (Sniffen) has since moved from his
surfing career to become a photographer and
writer. His work has appeared in numerous
magazines, including Surfer and GQ.

Corky Carroll is still a surfer. (Being rated 4A is
typically reserved for professional surfers.)
Carroll has used his success as a
role model to inspire others to pursue their
dreams. He has been featured in numerous
calendar, magazine, and television shows.

Corky Carroll was a surfer whose career was
short-lived. He was killed in a jet plane crash in
1971. Despite his relatively short career, he
did much for the sport of surfing. His
dedication and passion for the sport have
inspired many others to pursue their dreams.

Corky Carroll was a surfer who
changed the world. His legacy lives on
even today.
**BACH**

**Introduction to**

The instruments are all different (where is the guitar?), the tempo is strange, and the only dance that fits the beat is the minuet.

‘‘—Karl Kortning—

Bach’s music is suffused appointment, or not the standard line piece. It is simple, restrained, and lacks pretentiousness. But it is also remarkably bold. For in much of Bach’s music, it is not a question of whether one can achieve that which is thought possible, but whether one can actually achieve it. And in that sense, Bach is a composer of great daring.

For someone brought up on Bach, this opera fused by the Beaux-Arts and lesser luminaries of the musical world of Europe. Bach is hard to approach. The instruments are all different (where is the guitar?), the tempo is strange, and the only dance that fits the beat is the minuet.

I would suggest starting with Bach’s famous choral music, the six Brandenburg Concertos. And if you’re if you are going to take the plunge, I would suggest purchasing either of the two that are definitely the most important: the Brandenburg Concerto.

THE PLAINS AND THE ROCKIES

Lost Cause Press has published, on microfiche, every item we have
been able to find from the Wagner-Camp bibliography Plains and
Rockies. We continue to search.

The first edition of D.L. Wagner's bibliography came out in 1722 after
some 27 years of publication. In 1973 a revised edition was
published. From 1837-11, being shown the work with Mr. Wagner and
revised the third edition. Included in this bibliography are books,
magazine articles, Federal documents, some periodicals and
newspapers, and some pamphlets. We have added some new
items to the bibliography, including the map of the region lying between
the Missouri and Mississippi Rivers. . .

The historical material we have assembled here on microfiche is
essential to the study of pioneer history.

Approximately 117 volumes, postage will vary from $7.100

On orders placed after March 26, 1973, the price will be $10,000
