EYE OF NEWT,
TOE OF FROG

Forre claimed he had played a role, witchwise, in the indictment of San Diego's former Mayor Curran and his staff, in the Yellow Cab scandal.

"We are in the dead heat of March, which promptly seems to be a month of March's, and I find myself searching through my closet for a new outfit. It's true that you can't really call this a shopping expedition, for I am only looking for a new dress, but it's true that the weather is getting warmer and, therefore, I must have a new dress to wear.

"As for the weather, it has been quite cold here in New York. In fact, I am often heard to say, 'Oh, it's so cold here in New York!' But I am sure that you know what I mean.

"I must say that I am quite pleased with my new dress. It is a lovely shade of blue, and I think it will go very well with my complexion.

"As for the fashion of the day, it seems to be quite modern. I have seen some very interesting dresses lately, but I am not sure that I will be able to afford them."

Advice to a Rookie Cookie

Rita flipped off her customer and headed back through the crowd, leaving the bakery behind.

—Alan Penis

The next day, Rita found herself stealing a pacifier from a newborn baby when a man entered the store. He demanded it back and threatened to call the police. "What's your problem?" Rita asked, feeling embarrassed. "This is my own baby's pacifier," the man replied, "not mine to steal." "I didn't steal it," Rita said, "I found it on the floor." "I'm telling you, it's mine," the man insisted. "Anyways, you should have just asked before taking it from someone's child," Rita said, feeling gutted. The man left as the theft was reported to the police by another customer. Rita was then fired from her job at the bakery and moved to Cleveland to start over from scratch.

Rita, now in Cleveland, was determined to keep her spirits up and trust her instincts. She worked hard to improve her skills and eventually opened her own bakery, The Cookie Jar. Her hard work paid off and she became a successful baker, known for her delicious treats. Eventually, Rita returned to San Diego and opened her own bakery in the city, where she continued to thrive and live her dream.

THE KENTUCKY THOUSAND
A Basic Library of Kentuckiana in Microfiche

Kentucky will celebrate her bicentennial in 1974 and 1975, an official commission has already been appointed in order to plan the various activities which will be necessary to make plans to observe the 200th anniversary of the settlements at Harrodsburg and Bernhardshof.

Schools and colleges are thinking in terms of special exercises for students, and local civic organizations and study clubs will have lectures and discussion groups on the history of the Commonwealth. Among these a few major centers such as Lexington, Louisville, and Bowling Green, resources for the study of Kentuckiana are already developing. The lost Cause Press has been developing a basic library of Kentuckiana in microfiche, and it will be our contribution to the bicentennial to offer some thousand fundamental pieces which are a cornerstone for study and research in our history. Here is a comprehensive library of Kentuckiana which cannot be duplicated elsewhere. Nearly all of the titles are out of print, and many are unique copies of microfiche such as the Library of Congress, the University of Kentucky, private individuals. Not only the history of the Commonwealth is covered, but also the literature, the geography, the politics and government, the arts and music, and other aspects of our culture. And it cannot be too strongly emphasized that Kentucky, the funnel for immigration to the Ohio and Mississippi valleys, indeed, to the entire west, is literally the mother of the west.
