GOTHIC GRIMMEN

No tricks or hocus-pocus later in the Grimmens' camp. Michael Grimm began mumbling, "You sure know how to handle a crowd, Mr. Speaker, but no tricks or hocus-pocus later in the Grimmens' camp. We're going to make it clear to the public that we're going to do business as usual."

Dear Matthew,

1. In the Grimmens' camp, you have probably already learned that there are very serious problems with the embargo on the members of the Community Development Bank. The City council has not even been able to pass a budget for the year 1983. The Abiotic Caneers meet at 650-650 street for another meeting. I'm not among the branch members. Now I must state my position. I believe that the embargo is a political maneuver, designed to divide the community and weaken its ability to resist the corporate interests that control the city. I will continue to support the efforts to lift the embargo and to forge a united front against the corporate interests.

2. The San Diego Zoo's "Carnival of the Living" is on the way again. Join us at 12:00 noon for the festivities.
