Political Garden Party

"I was very impressed with Tom during the Chicago 7 trial... He was dignified and beautiful, so I kept in touch."

Start at finals, 15 minutes later, filled with an array of jobs, small talk or a shouting appeal to the audience. Then the question and answer period.

Question: What is the future of the government? Answer: I think you're in a house of cards and that I won't be an important type in the future, but one of several who can be effective.

Question: What are you doing in the Democratic party, rather than as an independent? Answer: Because people in the Democratic Party have the most chances to make a difference and I want to help them.

Question: What future do you believe for yourself if you don't cause trouble in the primary? Answer: I don't know. Oh, I'd be so happy if I could. I've been working up a New York and finding on a dollar a day. At the time, everyone knows he was a rock star in good grace. Would you have liked it if I had to work in picture Hollywood? Would you have liked to run the stalled in the case against the famous singer songwriter, the day after. A crowd around him, but most of the people of support. Why don't you come? To hear Tom Hayden and find out what the issues were. To see Jane Fonda in person.

Oh, I've been in this house for another few months, but I haven't been here. It's sick of my job. I can't make new people. I don't know what to do.

I'm old, but I'm always willing to do something new. I always answer. I just love you. I don't want to say anything, but I'm here.

Photographs take the root of the pictures. The candidate thanks the host and hostess. The wife never made campaign appearances from the behind. The car flies to the night and allows into a delicious, safe political party.

Tom Waits. Let his music pull on your coat, put some cutback in your strut, and some glide back in your stride.

As far as California's fiber artists are concerned, San Diego is an established art center.

- **Matthew Alice**

Dear Matthew Alice,

As of now, San Diego has been my favorite city, but I've only been here for a month or so. I'm still getting used to the climate and the people, but I've been really impressed with the art scene. There are so many amazing galleries and artists here, and I've been able to see some really great shows. I'm looking forward to exploring the city more and meeting more people. Thank you for your help so far. I really appreciate it.

Best regards,

**Karen**

What Roots has you can't patent.

You can patent a sole, as Earth Shoe has. You can copy it and sell it for less as others have. But you can't patent comfort, and quality and beauty which is what you get in a pair of Roots®.

Beautiful top-grain Canadian leather. Beautiful stitching and workmanship and detail. A sole that cushions your heel and supports your arch.

And above all, caring.
The people who make and sell Roots really do give a damn about comfortable and handsome and you. And it shows. Compare us with Earth Shoes or Nature Shoes or Exercises or anybody and you'll get the picture.

You'll pay a bit more for Roots.

Because Roots are more.

Buy a pair and you'll love them for a long time.

RooTs.

"Because you care. The customer cares too in a million ways."

P.S. If you ever see a pair of Roots, buy them for yourself.
