Troubled

Waters

One 24-year-old crewman said, "We're like the last of the goldminers. We work damn hard out there, but we're taking a chance. Each trip is either a winner or a bust."

TOM POGOONI, owner of the Tiger, says the Tiger is "the best fishing boat in the world." Whether he's fishing for trout, salmon, or halibut, Tom says he's always hitting the water with his crew. "The Tiger has a great reputation," he says. "It's fast, stable, and has a lot of power."

Aman from the Pacific Northwest, Tom enjoys the outdoors and has been fishing all his life. "Fishing is my passion," he says. "I grew up on the water, and it's in my blood."

When he's not fishing, Tom enjoys spending time with his family and friends. "I love spending time with my kids," he says. "They keep me young and active."

Adding the overall presentation was a 45-foot closed-circuit screen amusingly billed as "Tallvision."

AUGUST 31, 1970

Hooked on Show Business

Good Good Friend exploits our current fascination with old movies, and the performances at the Broadway Dinner/Show exploit in as many thoroughly as the business people in acting themselves.

The cast members are all members of the cast of the original Broadway Dinner/Show, and they have been chosen for their ability to entertain and charm the audience. The performances are fun and light-hearted, and the audience is left laughing and smiling throughout.

In addition to the performances, a new musical is being created by the director, and it is set to be performed at the dinner/show. The show is called "The Yellow Submarine," and it is based on the classic Beatles movie of the same name.

The show will be performed at the dinner/show on August 31, 1970, and it is sure to be a hit with the audience. The performances will be followed by a delicious dinner, and the show will be a wonderful way to end the day.

For more information about the dinner/show and the new musical, please visit our website at www.broadwaydinnershow.com.
