the 1969-70 season and held the record for most seasons with 13,384. He was also one of the most loyal and enthusiastic fans of the Silver Spring High School football team, attending every game from 1955 to 1975. In addition, he was a dedicated volunteer for the local food bank, providing meals to those in need. His contributions to the community were recognized with numerous awards and honors. He passed away peacefully in his home, surrounded by his family and loved ones.

Rhapsody in Black

DUNCAN SHEPHERD

The question that is on our minds is how much music we really need to hear. Is it possible that music is only a means to an end? But what is the end? Is it really to communicate emotions, or is it to create a sense of social unity, or is it to reflect the individuality of the artist? These are all valid questions, but they are not the only ones. The question of the role of music in society is also important. Is music a form of entertainment, or is it a serious art form? These are all questions that we need to ask ourselves, and then decide how we want to use music in our lives.

THUS, WHAT IS THE ROLE OF MUSIC IN SOCIETY?

The role of music in society is a complex one. Music is a powerful tool that can be used to bring people together, to express emotions, and to create a sense of unity. However, it can also be used to divide people, to manipulate emotions, and to create a sense of dissatisfaction. The role of music in society depends on how it is used.

THE READER PUZZLE
No. 58 Shreds of Evidence

By Don Robbie

It's almost the time for the Reader Puzzle, and we're getting ready. We've put everything together. You know what? We're about to go. And we're going to be doing this puzzle. Just take a look at our wonderful shreds of evidence. They represent a different piece of paperwork from our main story file. We like you to have a real experience looking at it, because it's truly the end of the line. So here it is, with some acting rights briefly, in the space provided.

Rules of the Game:
1. Rules for solving the Reader Puzzle:

SHREDS OF EVIDENCE
