FROM REAL LIFE TO STAGE LIGHT

Putting a theatrical production together is like trying to cook a twenty-course meal — with every dish timed to come out of the oven at the same moment. On opening night, theater audiences witness the culmination of a process that began months before, that combined the skills of numerous, often unacknowledged participants, and that — in the case of the San Diego Repertory Theatre's current production of "The Elephant Man" — is the result of more than 5000 hours of collective effort.

They are hours of both magic and mundanity, filled with decisions and choices, questions and answers. The San Diego Repertory Theatre began rehearsing this year's season of shows in July of 1986. Artistic director Jon L. Wollesen and David Jacobson decided that, as a fitting conclusion to the season, the Rep would stage "The Elephant Man," the award-winning drama by Bernard Pomerance. The play was still running on Broadway at the time, however, and this presented a problem. A "Class C" means that it is not a member of the Actors' Equity Association, the union of actors and stage managers. And Equity, as it's known, acknowledges only two types of theaters: "Class A" (those that combine union and nonunion performances). This means that if you're not a member of the Rep, you're not even allowed to be a member of the Rep, went to McCann and Nager, producers of the show on Broadway, for the rights to the play. She received a curt reply. "In order to play," she was told, "you're no real, you're no real. Thank you for your interest, but no."

By Jeff Smith
City Lights

Pounding A

On a warm spring evening in Chicago Park, Michael hopes and dreams were about to be realized. He and his girlfriend, Jennifer, shared a beer under the warm summer sky. It was a perfect night for them to bond and enjoy each other's company. Jennifer leaned in close, whispering softly into Michael's ear, "I love you more than anything in this world." Michael smiled, feeling content and in love. They knew they had found their happily ever after.

What You Call Corn

I don't know what it is about a San Diego janitor - the company he works for - that makes his work uniform look like a corn maze.

He works for the San Diego Community College District - the one with five campuses and 60,000 students. And he wears a uniform that is one giant corn maze. You can't miss it.

Shirt, pants, hat, gloves, all have the word "San Diego Community College District" printed on them in block letters. And the entire outfit is covered in corn images. It's a strange sight.

Playboy Advisor

The advent of the Brother 8000 computer has made the Playboy Advisor more or less obsolete. At least in the minds of the people who used to consult it.

"Playboy isn't a sex magazine," explains the publisher. "People come here for information. They want to know how to improve their sex lives. They want to know how to achieve the right balance of pleasure and satisfaction. They want to know how to make sex more exciting. And the Playboy Advisor is designed to help them do just that."

Letters

Regarding Donald Raab's much-needed "Point of View" column in the recent issue of Playboy: It is a shame that such a fine publication has to degrade itself in this manner. It is a shame that the people who run Playboy are so afraid of being wrong that they have to resort to such nonsense.

Straight from the Hip

President Letter

Dear President,

In your recent speech, you mentioned the need for urgent action on climate change. As scientists, we are concerned about the accelerating impact of climate change on our planet. The recent report by the Intergovernmental Panel on Climate Change (IPCC) highlights the urgency of the issue. While progress has been made, there is still much work to be done.

We urge you to support the Paris Agreement, which has been signed by 196 countries. This agreement aims to limit global warming to well below 2 degrees Celsius above pre-industrial levels. We also recommend implementing policies to reduce greenhouse gas emissions and invest in renewable energy technologies.

Sincerely,

[Your Name]

[Your Title]
The Elephant Man with an English accent

"I won't use one," answers Woodhouse replays without even a smile from the questioner, "the cast will — a San Diego version. "Do you want the cast?"

"Characters for Merrick, the Elephant Man"

As Woodhouse finds the right key and opens the door, he explains: the auditions are open to everyone in San Diego but they will still need to read for the parts they appear best suited for.

"Okay," the young man replies, "I understand that the two be a holding up and down with each step they take."

Ruth, Merrick's (1960-62) suffered from a severe disability called medicinal. According to Ashley Montage, whose book The Elephant Man: A Study in Human Oddity was the inspiration for Pennington's play, this meant "the business of developing and refining the circuits if you need them."

Outside the glass doors of the Cuvier Theater at the corner of Third Avenue and B Street, a small group has gathered. It is 4:30 p.m., but not too snugly, on Friday, August 21. The group is on a wave of excitement.

who, for the next three days and nights, will audition for the eight roles in the San Diego Repertory Theater's production of The Elephant Man. The play has several complex, intriguing characters, and, not the least of whom is John Merrick, one of theater's most stridently human beings -- and, apparently, one of the most demanding roles. With Merrick, a memorable portrayal could vault an actor to the heights of any career. They said, confidentiality, that he would not try the costume. In early March, confidence that a "Broadway role" would not come with the package, the Rep signed a contract with French and wrote him a guarantee check of $5000 for twenty-four days. The Elephant Man closed on Broadway in July.

"If you're not right for the part at all," "That's all I know," "It's the single letter just for a male actor this year in San Diego theater."

"Merrick's case, however, they went. "To the day the disorders, which is uncorrectable, is deeply

A Lesson In Spanish

By Joanne DeWyse

At the time I arrived at the Lawrence Learning Institute’s Spanish language courses last spring, I was planning to write about the experience. My intention was simply to learn to speak Spanish. After some scraping, I signed up for a one-semester course in the Spanish Language Program of the University of North Carolina. I was enrolled in the beginner’s level course, so my instructor was Dr. Jorge Garza, who taught in the student’s dormitory. He was an excellent teacher, making the lessons interesting, engaging, and fun.

During my first class, I arrived early and found that many students were already seated. I had to study the lesson materials before class started. The instructor introduced himself and explained the purpose of the class. He said that the course would focus on spoken Spanish, with an emphasis on vocabulary and grammar. He also mentioned that we would be using a textbook by the title of “Spanish for Everyone.”

The class started with an introduction, where we practiced basic greetings and introduced ourselves to each other. Then we moved on to more advanced topics, such as the present tense and irregular verbs. We were encouraged to participate and ask questions, which we did. The class was interactive, and we were given opportunities to speak in Spanish. We practiced conjugating verbs, using them in sentences, and discussing various topics.

Throughout the semester, we were given assignments to practice what we had learned. We were also provided with opportunities to engage in group discussions, which were very helpful. We were encouraged to use Spanish in our daily lives, to help us improve our speaking skills. We also had regular quizzes and tests to assess our progress.

I found the class to be very helpful in improving my Spanish skills. I was able to communicate better with native speakers, and I was able to understand more of what they were saying. I also found that I was able to read Mexican newspapers more easily. In conclusion, I would recommend this course to anyone who wants to learn Spanish.

An open letter to the students of Lawrence University,

by Professor Juanito Ruiz

Dear Students,

I am writing to express my concerns about the current situation at the Lawrence University. I have been a faculty member at the university for many years, and I have observed a concerning trend in recent times. I have noticed that the number of students who are struggling with academic and personal issues has increased significantly.

I am concerned about the mental health of our students. Many of them are facing a great deal of stress and pressure, which is negatively impacting their academic performance. I believe that it is important for the university to provide better support and resources to help students cope with these challenges.

I encourage you to reach out to counseling services when you need help. Remember, it is okay to ask for assistance. The university is committed to providing a safe and supportive environment for all students.

Thank you for your attention to this important issue.

Sincerely,

Professor Juanito Ruiz

"Yo no sé" is a popular Spanish song from the 1950s. It was sung by stars such as Julio Iglesias, Lucio Dalla, and others. The song is about a man who is unsure of his future and feels lost in life. It is a call for help and support from the woman he loves.
3-D Is Alive

"There is a growing interest in 3-D photography, as evidenced by the many 3-D cameras now available on the market. This interest is due to the ability of 3-D photography to create a sense of depth and realism that is not possible with traditional 2-D photography. The process of creating 3-D images involves the use of two or more photographs taken from different viewpoints. These images are then combined to create a single 3-D image that can be viewed with special glasses or a 3-D viewer.

The development of 3-D photography has been influenced by a variety of factors, including advances in camera technology and the desire for new forms of artistic expression. The use of 3-D photography in art and design is becoming increasingly popular, as it allows artists to create images that are more immersive and engaging for the viewer. In addition, 3-D photography has found applications in fields such as architecture, interior design, and video game development, where it is used to create realistic and convincing environments.

Synthetic Sound

"In the past, the emphasis on creating realistic audio was often focused on mimicking the sounds of the natural world. However, with the advent of synthetic sound technology, it is now possible to create sounds that are entirely new and without precedent. Synthetic sound can be used to create a wide range of effects, from the subtle sounds of nature to the eerie sounds of the supernatural.

The process of creating synthetic sound involves the use of a variety of techniques, including computer modeling, digital signal processing, and electronic music synthesis. These techniques allow for the creation of sounds that are both complex and precise, offering new possibilities for sound design and composition.

Faces Of Fiesta

"The faces of the Mexican Fiesta are as diverse as the people who participate in it. The masks that are worn during the festivities are an important part of the cultural tradition, and they come in a wide variety of shapes and sizes. Some masks are simple and open, while others are more complex and intricate. The masks are often associated with specific roles and events, and they are used to symbolize the spirit of the people who wear them.

The masks are an important part of the Mexican cultural heritage, and they play a significant role in the celebration of the Fiesta. They are a symbol of the rich history and tradition of the Mexican people, and they continue to be an important part of the cultural identity of the Mexican community.

Picasso

What's In A Name?

To some, The Fine Art Store may mean only this... 
Boutiques, Galleries, and Art Library. But for
our buyers, Picasso is more than that. It's a
place where they shop for a whole new selection of fine art prints, but did you know we also have a
great framing department that can handle all of your framing needs from traditional to modern art, and often
shortening lead times. Visit our new location at 13805 Ventura Blvd. in Encino. Come for the art, stay for the framing.

CHEEP ANTIQUES
2020 Southport Way National City, 477-5123
"Antiques at Realistic Prices"

Win An All Expense Paid Ski Trip To Tahoe This Winter From KF98
SAN DIEGO'S MELLOW ROCK
HERE'S WHAT YOU WIN:
Four lucky couples will take ski for a five day ski vacation including round trip airfare on Cal Sierra Airlines, first class accommodations at Caesars Tahoe, six days of ski lift tickets at Heavenly Valley, food and beverages, a dinner show, and $100 just for fun in the casino!

Pickup: Super prizes are given away Monday-Thursdays such as weekend trips to Mammoth, ski equipment and clothing. AM/FM cassette radio, dinner for two and more.

HERE'S HOW YOU ENTER:
Put an FM98 Rainbow Window Sticker in your car window. It's that easy. Starting November 2nd for four weeks, we'll cruise San Diego County streets marking down license plate numbers which will then be entered in our daily prize drawings.

Each Friday, we announce a winner of the $500 ski vacation. Listen to FM98 for more details. don't say it's easy. PICK UP YOUR FM98 RAINBOW WINDOW STICKER AT THE FOLLOWING LOCATIONS:

FOTOMA
THE GAP n DORMANS - OSHMAN'S - MAD JACK'S

You can also pick up window stickers at the FM98 studios, or mail in a self-addressed SASE.
THE READER PUZZLE

No. 179 Off The Record

By Dan Rubin

If you can Figure the simple
2+2=5 while we're
can't figure out
1+1=3

We thought we
had a great mystery
but we didn't have a

The following clues are
what a variety of
records companies might look like
on a revolving table. We'd
like you to identify them.

Clue 1: A globe

Clue 2: A tree

Clue 3: A mountain

Clue 4: A sun

Clue 5: A moon

Clue 6: A house

Clue 7: A car

Clue 8: A boat

Clue 9: A plane

Clue 10: A train

Clue 11: A bicycle

Clue 12: A bicycle

Clue 13: A bicycle

Clue 14: A bicycle

Clue 15: A bicycle

One entry per person.

Winners and Answers to Reader Puzzle 177, Figures of Speech

Walter F. and five more
"bicycles" and "s grinding".

The clues are:
1. car
2. bike
3. shoe
4. boot
5. hare
6. horse
7. rider
8. inquest
9. king
10. scale
11. scale
12. scale
13. scale
14. scale
15. scale

Eight of the 15 answers were able to melt through figures with ease. The T-shaped winner was:

1. Waldo, Idaho
2. Verne, Idaho
3. Thomas, Idaho
4. Paul, Idaho
5. Joe, Idaho
