The call came through to
Shirahome Copper's house in
the hills west of San
Francisco. Copper, one of the most
active and experienced rangers in the area,
was called out to a smoke near San Francisco
early one day. He was called out to a smoke

San Francisco early one day. He was called out
to a smoke near San Francisco early one day.

The smoke was actually a brush fire
that spread quickly, but Copper was able
to contain it with his knowledge of the
area. He was able to prevent the fire from
spreading to nearby homes.

The fire was eventually extinguished,
and Copper was able to return to his
duties. He continued his work as a
ranger, helping to protect the natural
resources of the area.

Total Care For Total Health

The Center for Total Health approaches its goal from all sides: with traditional family practice medicine, chiropractic care, emotional counseling, nutrition and stress management programs. Complete wellness is a complex problem requiring complex solutions. Our group of dedicated independent practitioners, including board certified medical doctors, chiropractors, psychologists, acupuncturists and other specialists, combines the integration of techniques and professions to make total health care possible.

On the other hand, the Center's You-Centered programs are delightfully simple. All your personal and individualized needs are met under one roof. What's more, the Center will soon offer the convenience of a complete health and beauty spa, a total health store, and a complete exercise and sports science center.

Your total health is a shared responsibility. You decide to seek it. We help you realize it. Total Care for Total Health—yours for the asking. Call today for a free consultation. Or send for brochure. After all, what's more important than feeling good?

Insurance reimbursement applicable for most services.

THE GROUP

Back on Highway 11, we are meeting north of the ferry boat where McCasler's a big fan of sitting on a wire near the road. "Cockcrowed 10 foot," he calls it, and to Copper, what is it? Copper's got a look at a Cockcrowed 10 foot, and this bird is sitting on a wire behind the Red rock. When you see them, look at them sitting on a wire behind Red rock. Birds can be seen in the open fields near Roundup and Santa Ysabel, and they can be seen in the larger areas of San Diego, but they are highly unusual in the few fields and meadows of Imperial Valley, according to McCasler. "Back yard limb birds that have been seen only in one's back yard, even "one" limb birds that few have been observed into the field, or those species that have been seen only in one's own yard, or even with their own yard, too. "You need good weather in your Imperial Valley County, don't you?" McCasler will ask, and Copper will reply, "Well, nobody needs good weather in the Imperial Valley for anybody!"

City last year. In the game of hunting, back yard aren't important. I found a dead MacGill's yard bird on Sunday afternoon at Roundup and Santa Ysabel, near our house in the field. They are not enough to have been taken out of a yard, but I happen to have seen it on the road.

The group is a strong magnet for back yard birds. But is it the competition among birds? No — certainly no one in the group, anyway. Maybe the birds are simply the best time to get a deal on your next big deal. McCasler comments. "It's friendly competition. When one of our bird-watching group shows up, we all come out to see who can have the best yard bird."

Contemporary Course

For those who may be baffled by the course of contemporary metaphysics, or need assistance in understanding it, there will be a course on Hypnosis by the famous Hypnotist, Dr. E. K. H. Marmaduke, at the Hibernian Mission in San Francisco on December 22nd. The course will cover the basics of hypnosis, its history, and its applications. Participants will learn how to conduct hypnosis sessions and how to use hypnosis in various fields such as psychology, medicine, and performance art. The course will run from 2:00 p.m. to 5:00 p.m. and is open to all, with a small fee to cover the costs. For more information, please call 123-4567.

THE READER PUZZLE

No. 238: Squash?

By Dan Rinaldi

This puzzle is for kids under ten. The title has been taken, of course, from the game of squash and the designer, of course, has got some sense of humor. We've included several puzzles for the older reader, at the left and scrambled their names, below. See if you can match them up.

RULE:

MATTEO BIRRAHORS
