STRAIGHT FROM THE HIP

By Matthew Alice

Dear Mother Alice,

I am writing to you from the United Kingdom, where I am studying British literature and history. I am particularly interested in the works of William Shakespeare, who is known for his wit and wisdom. Today, I want to discuss a recent article I read in the Times Literary Supplement about the role of humor in Shakespeare's plays.

The article, written by Professor John Williams, argues that Shakespeare's use of humor is often overlooked. He points out that the bard's comedies, such as "As You Like It," "Twelfth Night," and "The Comedy of Errors," are filled with witty dialogue and clever wordplay. Williams suggests that these jokes serve a dual purpose: they entertain the audience and create a sense of identification with the characters. By using humor, Shakespeare allows the audience to see themselves in the play and thus become more immersed in the action.

I agree with Professor Williams's analysis. In "As You Like It," for example, the character Rosalind, played by a young boy in this particular production, uses humor to manipulate the other characters and cajole them into following her plan. Her wit and charm are so effective that even the most skeptical of us are taken in by her merriment.

And as for "Twelfth Night," the humor is more subtle, but no less effective. The character Malvolio, who is the butt of many of the jokes, is a man of humor and sarcasm. His humor is often at the expense of others, but it is also a way for him to express his own identity and find solace in a world that he finds oppressive.

In conclusion, I believe that Shakespeare's use of humor is a key aspect of his genius. It is through his humor that he is able to connect with his audience and create a sense of empathy. I hope that future generations will continue to appreciate the humor in his work and continue to learn from it.

Sincerely,

Matthew Alice

Without the right tools, the job wouldn't have been possible. For one thing, they sometimes fell off. They didn't always have the right size for the job. But they were good at it. They could hit the right spot.

Some horses were too high for the vet to reach. Others were too low. But they always got what they needed. They never gave up.

Bo Peep, one of the horses, is now retired. She was a great horse. She never gave up. She always did her job.

The vet was always there, ready to help. He never gave up. He always tried to do his best.

Some days, the vet had to work long hours. But he never gave up. He always tried to do his best.

The vet was always there, ready to help. He never gave up. He always tried to do his best.
A NIGHT ON NORTH HALSTEAD STREET

BY JOHN D'AGOSTINO

Chicago, what the Hell is going on in New Orleans? — a movement in sociological fashion, an explosion of color and excitement that is sweeping the world. In this city, life is hot, bright, pulsating, and alive with the Grande Ecume, the French Quarter of New Orleans. The streets are crowded, the music is loud, and the atmosphere is electric.

There is a lot of豫isue in Chicago, but none of it is like New Orleans. The city is divided into sections, each with its own unique character. The French Quarter is the heart of the city, with its colorful architecture, jazz clubs, and lively atmosphere.

The streets are always bustling with people, and the空气中 is filled with the sound of music. The clubs are packed, and the crowds are dancing and singing together.

The people in Chicago are friendly, and they love to welcome visitors to their city. They are proud of their history, and they are eager to share it with others.

Chicago is a city of contrasts. It is a city of both great beauty and great poverty. The streets are clean, but the buildings are old and crumbling. The people are friendly, but the crime rate is high.

But despite all of this, Chicago is still a great city. It is a city that is full of life and energy. It is a city that is always changing, and it is a city that is always surprising.

So if you are ever in Chicago, be sure to visit the French Quarter. It is a place that is unlike any other place in the world. And if you are lucky, you might just get to see some of the great people who make this city so special.

When Young and Wasting, the Michael J. Fox film about a young man who has the disease of aging, is released on video this summer, it will be available in both English and Spanish.

The decision to release the film in both languages was made after a meeting with the director, David Dinerstein, and the producer, Alan Sanger. The film was originally released in English in 1987, and has since been released in several other languages.

Dinerstein said that the decision to release the film in both languages was made in order to reach a wider audience.

The film tells the story of a young man who is diagnosed with a rare disease that causes him to age rapidly. The film follows his journey as he deals with the challenges of his disease and tries to find a cure.

The film has received positive reviews, with critics praising the performances of the actors and the writing.

The release of the film on video will allow viewers to watch it in the comfort of their own homes. It will also be available for rent or purchase, and will include bonus features such as interviews with the cast and crew.

Dinerstein said that he is excited to see the film released on video, and he hopes that it will be enjoyed by viewers around the world.

Your Right

Because they are friends, the American Civil Liberties Union of Arizona spoke out with the help of the ACLU to promote the rights of a group of black individuals. The ACLU's legal protection group defended the group in Arizona in the face of a possible lawsuit. The law firm of Mair, Adams & Lewis, based in Phoenix, represented the ACLU in the lawsuit. The ACLU's attorneys stated that the group had a legal right to use the name "ACLU" and that they would continue to fight for the group's rights.

Peace Gives A Chance

Dear Mr. Smith,

I am writing to you in support of the idea of peace in the Middle East. I believe that peace is the only way to achieve a lasting solution to the conflict between Israel and Palestine. The United Nations has been pushing for a two-state solution, but so far, we have seen little progress.

I urge you to support this cause and to encourage others to do the same. Together, we can make a difference.

Sincerely,

How much money is enough?

By Lisa Adams

Teresa Smith helps with the kids.

"You know, it's hard to say exactly how much money is enough. It's different for everyone. For me, having enough means being able to pay all my bills on time, put money in the bank, and have a little left over for fun. I also like to save for the future, like for a down payment on a house or a trip of a lifetime."

Eddie LaMarr works two jobs.

"I earn just enough to make ends meet, but it's never enough. I have two kids, and it's hard to make ends meet with my job. I wish I could earn more, but I'm just not cut out for a high-paying job. I think the key is to save and be frugal. It's hard, but it's worth it in the long run."

PEOPLE FOR THE PRICE OF 1

LOOKING GOOD FEELING GREAT!

Our 2 for 1 special offer lets you and a friend join Family Fitness Center for just one low initiation fee. You'll both pay minimal monthly dues for as long as you wish to be a continuing member.

We're high-tech fast fitness at its very best. We've got all the right equipment to burn the fat, tone and shape your muscles, and give your heart something to really beat about. Two for One. It's a great offer but limited in time. There's a Family Fitness Center within 10 minutes of every business and residence in San Diego.

So call us now for your free tour.

*Must except on first visit. No other discounts can be used in conjunction with this offer. Racquetball and basketball available at nominal cost.
