# S DEAD THE SUDDEN PASSING OF A SHARED CONFESSOR

Such are the concerts of first-world living — they follow you. A late-night call from San Diego alige through a satellite onto the shore of a beleasuered nation with the nows of my psychiatrist's death. My upbringing hadn't propored me for this.

"How much was he charging before he died?" I saked the caller, a follow patient.

"One hundred and fiftoen bucks for forty-five minutes," she says.
"My God ..." boomerangs through static. I should feel something,
I thought. "My God ..."

I had paid him to know me at a time when my "two projects for adulthoed" (as Froud outlined them), work and love, were both in misorable disarray. I was also realing from calamity to calamity. A causal chain had lead me to his cluttered Pacific Beach office with its moldering terrarium. As I ast before his desk, a black digital clock facing me (each minute being, at that time, two dollars), I talked, and he annotated my misory onto a noto pad.

By the time I started seeing him, I was a seasoned traveler. I had, Lord have mercy, been in the sterm too long. Communic on page 10

Months before I began my sessions with Dr. Johnson. I opted for an evening of bridge. I sat at a red light, off Broadswy in Golden Hill, and sang along with the radio. Something slammed into the side of the ear. I looked up. A man wearing a shi mask pointed a gun at my face frough the half-opened window. "Get out of the ear or I'm gonna' fuckin' kill you," he screamed. "Excuse me?" I said.

Pizza & Politics
IN THE SAN DIEGO REGION.

IN THE SAN DIEGO REGION.

IN THE SAN DIEGO REGION, pizza parlors have committed transgressions that have forced new interpretations of the law and, in one case, a new law altogether. Liberty Pizza opened in the early part of 1986 on a buy street in Chula Vista. In Keeping with the business's theme, owner Haithern Putrus erected an eight-foot-

high plastic green replica of the Statue of Liberty on his roof. "It was beautiful," says Putrus, recalling the circle of lights ne installed at its base. But a city zoning

officer noticed it and was not favorably impressed. The Chula Vista City Council

decided that the statue fit the definition of an aftertitement, and since the praceria already had a sign, the statue was in violation of the city's sign code. They sold Patrus, an Iraqi native who became a United States citizen, to take down.

It was not to be compared to the statue was in violation of the city's sign code. They sold the statue who he cannot be compared to the processor and the presents America." says Patrus, rencopoulating the whole episched "But you carl fight city hall."

The year before in a well-publicized dispate, a San Diego pizzers was delivery wholes looked like cop cars. These dapper jocks from the Astec Brewing Company just won the 1936 San Diego city softball championship, and they're celebrating with a glass of A.B.C. Beer in the company's famour artiskeller Astec was founded in Mexical in the early Tenelise but move to 2301 Main Street in Logan Heights after Prohibition was repealed in 1933. The ornate rathsieller was decorated with Astec-theme paintings and murals by Jock Moyo del Piño, a one-time student of Picasso. The building is presently unused, but the rathsieller, with its murals, still looks as it did fifty warran ago. In 1947 Astec was sold to Altex, a Detroit brewery that was in business until 1953.
