THE LAST DAYS OF THE MISSION DIG

By SCOTT GILLETTE

Tomorrow is the last day of what the motion to call the Mission Dig at the University of California, San Diego. The site is located on the bluff overlooking the Santa Fe railroad tracks. The site was discovered by accident in 1958 during construction of a new library for the university. The site contains artifacts from the 18th and 19th centuries, including a number of Missionera buildings. The site is being excavated to remove the buildings and to prepare the land for future development.

FISH ANGEL TALKS TURKEY

By MARY COLEMAN

It talks and it talks, the wild turkey that resides in the San Diego Zoo. The turkey is a native of the area and is known for its distinctive call. The turkey is a symbol of the zoo and is a popular attraction. The turkey is a member of the family Phasianidae, which includes pheasants, quails, and partridges. The turkey is a social bird and is known for its large flocks. The turkey is a popular bird for hunting and is a source of meat.

It's all over town.

A LITTLE PAPER WORK

By MARK PITTMAN

The San Diego Union-Tribune celebrates the opening of the San Diego Trolley's East Line. The Trolley is a light rail system that runs through the city of San Diego. The Trolley is a popular mode of transportation and is a symbol of the city's growth and development. The Trolley is operated by the San Diego Metropolitan Transit System.

STRAIGHT FROM THE HIP
by Matthew Alice

Dear Matthew Alice,

I am very glad to hear that you have found the section of the book that I submitted especially interesting. Your feedback is greatly appreciated as it provides valuable insights into the topics that you found engaging. I am happy to know that the detailed analysis and the historical perspective that I included were relevant to you.

I am currently working on a new section that delves into the evolution of modern technology and its impact on society. I am still in the process of researching and writing, and I hope to complete it soon. In the meantime, I would be interested in hearing your thoughts on this topic and how it might evolve with time.

Thank you again for your kind words. I look forward to your continued interest and engagement.

Best regards,

On Bob Carr's Boat

Photographs by Paul Stachelski.

"I get a chance to enjoy the ocean when I have boat. It gives me a break. I'm alone, and I can sit there and watch the sea. I've been sailing for 35 years, and it's been the best time of my life. It's a great escape from the pressures of everyday life."

Story by Mani Mir

Please tell us, Bob Carr, who are you?

"Well, let's see... I'm a sailor, a businessman, a writer, and a sailor's wife."

"I've been sailing for 35 years, and it's been the best time of my life. It's a great escape from the pressures of everyday life."

HONDA OF EL CAJON

"HONDA OF EL CAJON"
He was too stunned on PCP, and he just stood there, even after the barrel of the gun emerged from the car window.

"What did you do when you saw the gun?"

"I asked Jesus to take care of me."

-- Sara

He saw the white car coming back over the hill, the headlights blazing and pulled over in front of it. Then, a man stepped out of the car and started walking toward him. He had a gun in his hand.

"What do you think?" the man asked.

"I think you should leave," the man replied.

They engaged in a lengthy argument about the nature of the situation, and the man threatened to shoot him if he didn't comply with his demands.

He stood there, helpless, as the man pulled out a注射器 and injected him with a mind-altering substance.

"This will stop you from thinking," the man said, before he disappeared into the car and drove away.

Pedro asks the detective how gangs get their names. "Thomas Brothers," Sanchez replies, referring to the books of local street maps.

The books were a source of information about the activities of the gang, including their locations, members, and strategies. Sanchez explained that the gangs were highly organized and had systems in place to keep their activities hidden from the authorities.

---

Pepe walks slowly down the street, surrounded by the noise and chaos of the city. He's had a tough life, growing up in a gang and witnessing the violence and death that come with it. But he's determined to make a better life for himself and his family.

---

Ninety-five percent of the juvenile population would claim to be a gang member if you asked them, because it is the "in thing."

Starting July 4th, the most important videos in America are free.

A message to you from America's Family Video Store.

Not all of the videos at BLOCKBUSTER Video deal with comedy or drama or fictional adventures. Many confront very real issues, like how to raise drug-free kids, avoid heart disease and alcoholism or protect your family in an emergency.

You'll find these and many more videos of importance to your family in our new Community Service Category. And, starting July 4th, you'll find they are free.

As BLOCKBUSTER members, you and your family can check out any video in our Community Service Category without charge. All we ask is that you return it after three evenings so we may share it with other families.

We believe it's important to make these videos available free to the families of America. After all, there are some things you just can't put a price on.

Jazz and Big Band
The Jazz and Big Band of San Diego plays the legendary "Big Band" sound at The Cargo Bar. They play some of the best-known and most loved songs of the Big Band era. The band has been playing regularly for over 20 years and is always a favorite with our customers. They play from 5:30 to 8:00 pm.

Fact:
Cancer, Arthritis, Scleroderma, and Lupus can occur when the immune system is weak.

Fact:
Immu-Shield is an integrated treatment program of vaccines, psychology, and nutrition that strengthens the immune system.

For 15 years, The Livingstone/Wheeler Clinic has successfully treated thousands of patients from all over the world in our San Diego facility. The Immu-Shield program is designed to strengthen the immune system, a breakdown of which is a contributory factor to life-threatening diseases. Research has shown that Immu-Shield can help you prevent or cure disease. For more details on this program, including patient referrals, U.S. government vaccine partner and non-profit research cooperation, call (619) 224-5115 today.

Radioman

THE RADIOMAN APPROACH:
Integrated systems for performance, reliability, affordability.

High Performance Auto Sound

Ferrari 328 stereo system
An Alpine AM/FM cassette CD controller was chosen for reliability and performance. The doors were filled交通大学 with a tweeter and subwoofer, and the rear doors with a midrange speaker. A custom crossover was provided by small, efficient high-frequency drivers. The system's performance was enhanced by the addition of subwoofers. A 240 watt amplifier supplied the power.
