moving bodies, and see it psuse for that millisecond directly above you — this odd-shaped planetoid weighing certainly a couple of tons — your nerve endings will get the message: if the dann thing were to come loose from its hinges, not only would the people inside it get stemmed in the blink one of the people inside it get stemmed in the blink one of the people inside it get stemmed in the blink of the people inside it get stemmed in the blink of the people inside it get stemmed at body bug to wouldn't even need a body bug to

When Barbara was about ten, she went to a church fair and rode a contraption called the Scrambler, which consisted of a lot of cars hooked to the end of shafts that moved and shifted among each other on a level plane, a sort of robotic square

dance at high speed; the cars always seemed like they were about to collide but missed each other by a few inches to go swooping on to the next close call, and the next. So little Barbars climbed into this thing, and the operator lowered the safety bur, and the rick starred up and accelerated, and the next thing about the colling of the colling of the colling thing the colling of the colling of the colling of the safety bur, and the rick starred up and accelerated, and the next thing abo known the was esetting and accilerated, and the next thing she knew hew agetting thrown around inside the car like was to start and the car like was to start all to get a purchase on the car's interior; her legs were bouncing all over the place, and net effective grip on the astroy but. Today, she represents thirking—in that arrangely collected manner victime—that other carbon the carbon through the property would be to lie at fine on other cars could pass over without mangling her.

the ground as possible so that the other cars could pass over without mangling ber.

John State of the properties recised what was happengrate necticed what was happengrate necticed and quickly brought the machine to shalt. "The hamp viling was." Barbara recalls, "the other propie me for uning the first fin." Now Barbara is a grow-up with a daughter of her own—with a daughter of her own with a daughter of her own with a daughter of her own with a daughter of her operator was the children distress. Scrambier that Barbara experienced at the long-age church für. The operator soes the children distress the long-age church für. The operator soes the children distress the long-age church für. The operator soes the children distress the long-age church für. The operator soes the children distress the long-age church für. The operator soes the children distress the long-age church für. The operator soes the children distress the long-age church für. The operator soes the children distress the long-age church für. The operator soes the children distress the long-age church für. The Part für hange Litzbert spots a miniature roller coaster ride

called the Hi Miler — identical in all but name to the ubliquitous Wild Mouse. Minister it may be, but it still whips people around banked curves at speech that make be a benefit of the property of the prop

appropriate. So Barbara — remarking that "I'd rather have someone run a spear through my left shoulder" — gets in line with Elizabeth. As the line nears the Elizabeth. As the line nears the gate, Elizabeth begins to have second thoughts. "I want to think it over," as te list Berbara solemath, and they have a solemath, and they hot his own, the less likely it is you'll be foolish enough to follow through. Barbara is saved. Right next to the Hi Miller is a ride with no name; peer as we might into the complicated stippting of light bollow and raised metal designs that over its next designs that over the next designs the next designs that over the next designs surface. Burbara and I can't are a name anywhere. This is an ominous banch. You otherwise, the ride seems well below milopiost on the terror scale. Pursuing some band of 'Surf's up'' sheme (box merchand of 'Surf's up'' sheme (box were and una nad breaches), it consists of one long car that works in a weay circle around a track; riders are seated so they as a surface of the control of the contr

interesting fillip here is that after the rick has guthered a good head of steam, the operator his a toggle that causes a black tarp, previously furthed along the inside previously furthed along the inside and over the passengers, completely esclosing them. A moment later, he makes the turp first back into in original position, the moments when we can see the Elizabeth is grimly clutching the atterty har with a determined look on her face.

"The inside riging this at all."
"That tarp thing seems a little chancy," I observe. "Like, what if

it got snagged on something — or someone?"
"It's the sort of thing you're better off not thinking about soo much, I guess," Barbara sighs. . . .

When I was growing up and attending county fairs, the ne plus ultru of carnival rides was the Hammer — an exceedingly scary machine consisting of twin shafts with revolving cars attached to each end that would crash past each end that would crash past about in apirals. In one scene in the movie Under the Folcano, set in Mexico in the late '30s, Albert in Mexico in the late '30s, Albert and the contract of the contract of page I was the contract of the contra

If you would like to own one of the most highly respected and musically accessed speakers in the world, come to Breter Coosed Center and swiftlen the BAW 801 MATINX from England. If you agree with recording engineers, musicians and stereo equipment reviewers that the 801 MATINX in the finest speaker system available, Breier Sound Center will be very pleased to sell you a pair for \$5,000.00

If, however, you appreciate, enjoy and even demand musical accuracy in your music system. Dut you don't want to spend quite as much as it takes to own a pair of B&W 801 MATRIX ... here is some good news.

as much as it takes to own a pair of B&W 801 MATRIX ... here some good news.

84W has recently introduced 4 new affordable spackers hased on a new generation of inchnology. All flow new models use the same metal dome tweeter disphragm as that found in the 801 MATRIX. The cabinets feature a specially designed high density, modded from baffle for increased stability and reduced resonance. The edges of the front grills are beyteld to reduce diffraction and improve dispersion. High quality crossover components and heavy gauge wire are used throughout the entire time.

The model SSS is a warmoname.

line.

The model 550 is a very compact bookshelf design with a 6 inch woofer. It sells for \$400.00 a pair. The model 550 is a slightly larger bookshelf system with an 8 inch woofer selling for \$550.00 a pair. The 570 features a larger enclosure and an 8 inch woofer with increased power handling capacity for \$650.00 per pair. The model \$80 is a floor standling design with two 8 inch bossymidrange drivers to scalieve deeper base response and louder listening levels. A pair of 550s is \$9500.00.

Thinking about getting

It's worth thinking about. More than 11/2 million Americans are carrying the AIDS virus and the number s growing. They are male and female, young and old, black, white, Hispanic, Asian. They are homosexual and heterosexual. Symptoms

may not appear for many years There are many ways to be infected with the AIDS virus without knowing it.

AIDS is caused by the human immunodeficiency virus (HIV). It can be detected by a simple test for HIV antibodies that takes about five minutes of your time.

Pacific Pacific HIV Testing Cen-Testing Centers ters provide completely anonymous testing -

And test results are ready within one day - most clinics take two

If you buy wicker at Pier One or Cost Plus, you pay too much.

It is no coincidence that the items you see in this ad look remarkably similar to what you'll find at Pier One or Cost Plus. That's because we all buy from the same overseas markets. The one difference is price. Since our buyer and owner and sales clerk are one and the same person, our overhead is considerably less than our bigger competitors. Visit us today – we've got seven rooms of wicker and plants and literally 1000s of baskets to choose from.

Tabou Combo and Escola De Samba: Belly Up Tavern, tonight, Thursday, 9 p.m., 143 South Cedros Avenue, Solana Beach, 481-9022.

JOHN D'AGOSTINO

She might not have her Olympian vocal cords, but Breads Ressell reminds me of Chaka Khan. Each outs her own styless ewah, to her most part disregarding fads so to fulfill a personal muscal agenda. Each reaches down to her soles for soul, neither settling for grease-free of showly emotion when there's a deep, smoldere when there is a deep, smoldere experience of the settling for greater free of showly emotion when there's a deep, smoldere experience (Russell's tempera Khan's heat with 'Roberta Flack's smoke vooi).

Rissel's tempore Khan's heat with 'Roberts Flack's smoky cedge, it's her couperling shall. If Russel has an edge, it's her couperling shall have not shall be an expected on the whore "Plano" in the Dark' moved up slowly from far back in the pack to become one of 1886's broades/beselon's, and 'Gen'y and the site pit glint of those songs, one bund the album on the wind of the songs one bund the album and demon-casting dance assaults. Russel has and demon-casting dance assaults. Russels has copyring at Site lines the same control songist. Thursday, on a bill with Bwild Sankern at SDSU's Copen Aff Thesis bill Russel's and a runner-up kind of latest. Lock for big things from her before the year in the same shall be shallowed.

« (a. Faloma, Irony 7/14)
See No Forki, Hane No Eyel — Richard Pryor and Gene Wilder, back together again, trying to recapture some of that old magic (nome of what old magic?) in a "concept" comedy about a bindi man interest to the control of the control label. It is all hooks and latery a label. It is all hooks and hallow with Joan Severance and Anthony Zerber, directed by Arthur Hiller 1995.
« (century Twin; Star; Vogue; Irona 7/14)

Stand and Deliver — The sort of movie that image-conscious minority leaders are always clamoring for: an

Nellie Lefferts
Rethed Librarian
Rethed Librarian
The very first time we west far
with our new car — a brand new
5th deream, we west going to
conditioner takes as much gas as
it did. Our tank showed that we
had gas. We thought, we'd got of
just in case. Then the car died. In
the middle of nowhere, no gas, no
anything. Two rettreed people with
walk in the beat. God, I don't
even rennember what state we
were in, I tiliak somewhere in the
walk in the beat. God, I don't
even rennember what state we
were in, To the somewhere in
for a somewhere in the
first of the state of the somewhere
for the somewhere in the
former was a working road
God there was a working road
for more than the stopped and asked if we
needed belp. We saked him if hed
said. "Newe mind, I have some
gas on my truck." He got some,
brought it to our cas put it in,
wished us good luck. We sure
made a beeline for the gas station.
I'd like so thank thet man
wheepers he is
