LOMA THEATER, 3150 Rosecrans, between Lytton and

STRAIGHT FROM THE HIP By Matthew Alice

Dear Matthew Alice:
Ever-body brows that cast hate water. Mine
even seem dytaid oft and won't go anywhere
near the pool. But why it that? I know cats
can swim, so why do they word water?
Emma Wirelow
Emma Wirelow
Emba with swim, birds gotta fly, and cats
gotta nap where it's soft, warm, and dry. It's
not so much that they hate water, what they
hate is getting wet. The sudden change in
body temperature and the general untificases
to be considered to the control of the control
side effects. Certain wild cats are willing to
jump into streams to cach fash for dimner, but
on the whole, a feline's natural environment
is terra firma.

on the whole, a feline's natural environment is terra firmu. And if your pet falls in the pool, don't count on its launching into a unwords, instinction of the pool of the po

land in somebody else's back yard.

Deen Matthew Alice:

Why did they start numbering TV channels
with channel 2 2Dd there used to be a channel 17 And was there ever a number 1 pencil
or just number 22?

Diann Potter

Th's all confusing business, but we stand a
slightly better chance of making sense of the
TV channel question, so let's start there.

When we talk about channels, we're talking
about groups of node treatmisses for require

out 1200 for the census disk. Also, on most of these on-line database systems you pay 50 cents to one dollar each minist just to search. That's no lack-light the charge for retriving and trendering information. As lot of the data is purchased from the government to begine with and then sold back to popel furnity a commercial tension. The objective. The one sense, technology rowides us a fantastic way to link under allow and exchange information. The politics of two-length that information and exchange information. The politics of two-length that information becomes more difficult to acquire that information becomes more difficult to acquire that information becomes an extendition of the contraction of the c

with the fact that most of the major print and television media are controlled by about 40 corporations, and you've got problems, with anything in like with this information thing there's a definite opening and closing at the same time."

Persones is just the other systops, when it comes to thoughts or shirting down his system altogether. "Not too long ago," he says. "I make a part of local Beach who was an amember of the American Greens party, And you thought they were only in German, Arrayen, he had a machem the didn't know how to use it. So I spert half a day setting things up and treating thin how a sile countrying how the call wy BES Both enerer did, which was discountaging show the all will be the career did, which was discountaging show the all will be a silent to the care of the control of the con

line fees are, I still can't afford them. In the midst of it all, though, the Rasta Think Tank is still alive. For the moment, and in spite of all the work I put in, I feel a responsibility to keep my board on line since it fills out the political spectrum. But't that what

ut with democracy comes capitalism and the right to turn a profit. Over a fresh cup of coffee. Hank Larson laments the fact he has read, on online, that the PCC has been unabling lakely, thenatening to increase phone rates for modem users. They tried this two years ago A flood of letters from BBSers all cross the country hit Washington, and the PCC quieted down. Here.

With a few quick keystokes, Lanson locates a recently downloaded copy of the master list of files from San Diege PCEauch. His computer searches for the letters "FCC" and stops on a test file called PCCATA.ZEP. The file description screams: "FCC is at a spain!" They went to charge all modern users a SURCHANGE for the privilege of using a modern FGHT THIS NONSENSE!" Larnon continues the bunt. Another test file, MOBILIZE.ZEP. "FCC plans continues the num. Another text time, woMbiledon.Alt. "P.C. plants to the \$6.00M for modern use." Larson performs the same search on his master list of PC*LawCom BBS files and discovers two more: "Best Pile of PCC Rulings on BBS Case" and "A Pull Collection of PCC Rulings." His list of Rasta Think That files yields five entries devoted to the PCC and rate increases, including a handful of protest form letters. "You want these? Let me make a call or two. Then I'll print them out. No problem. Boy, if I had to pay six bucks an hour to do this, I don't think I could afford it. Then what would I do?"

At the Ituration Gailery, ton Fip Avenue in At the Ituration Gailery, ton Fip Avenue in La Jolla) there is an interesting exhibition of recent works by the Mexican artists Fernando Peteranico. Pereziato is a flattasist and sur-realist whose personal iconography dominates these visions, its mysterious symbols obsessively reappearing in different combina-tions. Each individual work strikes the viewer as bizare, reinfinistic, importensite. but as one so bizare, reinfinistic, importensite. but as one

It is as if we were witnessing a ritual of a religion we know nothing about.

windows.

A typical embodiment of some of these preoccupations is the 1986 lithograph, focusion (Catation). This shows an archaectural interior in late medieval or early massive columns, semi-circular arches, walls of gray, rusticated stone, and a profusion of starways and bactomics. Everywhere in this setting, ascending and descending the starways and bare the bactomic film geroes.

the geometrically patterned floor (and even beyond the frame), are Perezniset's signature figures: little bearied men in entrope closistic properties of the properties of the

QUARTER NOTES

SYMPHONY

ruusical performances in town these days, I do not get to hear the San Diego Symphony as often av I would like. I did decide to attend one of their concerts last week, but it turned out not to be a lucky choice. There is, of course, no longer anything of the unpolished.

lucky choice.

There is, of course, no longer.

There is, of course, and independent of the course o

What I distiked about the recent concert was principally the conducting of Christof Perick and (though to a much lesser degree) the playing of violinist Jaime Laredo, Laredo, a musician I generally admire, was soloist in

PREGNANT?

the Mozart Violin Concerto No. 3, which he played with sweetness, delicacy, and warm feeling. What was wrong, then? An excess of those virtues, for this was Mozart-playing of Just a sentimentality, a little two caressed, a little self-indulgent in its emotionalism. What was more or less missing was the sturdiness, earthiness, and huncor in this skyly with work. Conductor Perca'c contribution was

of the impired quality of its meledic, harmonic, and dramatic imagination, and because it exhibits the componer's eccentricities in a less obtrusive way than many of his other works. Certainly, those eccentricities are still there: the tendency to run on too long, the stopp-and-start structure, the potential valgarity of the instincts, historing, brusses of some of the transition, historing, brusses of some of the trunes fashow all in the naive second

themes of some of the movements). But there is a say to play this movements. But there is a say to play this problems. These recordings of the Fourth Symphomy by Furwingler, Klemperer, Walter, and Barenboim, all very different, but this work a scalement and magnificence. What those conductors realized (and what Perick, apparently, does not) is that there is a great lemion and a sections that make up much of the

Most of the audience was unsure whether the music was over.

symphony; that those repetitive accompaniment figures are ready to explode and are held in only by a violent inner discipline; that the intensity is everywhere, not merely in the stupendous climaxes. Perick, indeed,

appeared to go out of his way to get the orchestra to play non expressive in lyrical and rummative passages on our of the Brackner Fourth also understood that the mass will sound as though it is again and again though a substantial that the mass and again the conductor is unable to communicate the dynamic function of those large sections in whole movement. Perick, in contrast, seemed to sometime entirely on what has a been contrast, seemed to concernate entirely on what was happening at for its relationship to what had already happened and what was goong to happen. He almost never the section of music was in fact a completion (on a grand scale) of a virtually an immense upbeat — for asbeageard events. The result of this sort of conducting was that was a close, most of the andience was unsure whether the music was over, since they were so used to Perick's direction the last cadences lacked decisiveness and the overpowering sense of critical particular and the component general or an approach of the component general or the contrast pays of the contrast pays of the component general or the contrast pays of the component general or the contrast pays of the co

If You're

Introducing Reader Phone Matches. A Great New Way To Meet Single People. Free.

It works by providing you with a free personal matching ad in the Reader Classifieds. You will also receive a free "voice mailbox"—a phone service that allows you to record and receive messages from any touch-tone phone.

Phone Matches are: Simple. The Phone Matches system guides you, step by step. You can re-record your introduction any number of times-until you are satisfied with it.

Quick. It's not necessary to open a P.O. box and wait for letters. You can listen to your phoned-in responses any

time, day or night.

Confidential. Only you can listen to your responses. Respondents wait to hear back from you. There's no need to reveal your phone number or address.

So why not take the matter in hand and put yourself on the line today? ne today?
Tum to Section 3 for details.
San Diego Reader

SAY

GOODBYE

TO THE

OFF THE CUFF By Lin Jakary

Tell us about the time you could hardly wait to get home

It was back in 1985. I was trying to leave Mexico. We had been staying at the El Presidente in Loreto, which is a wonderful city on

staying at the El Presidente in Lorett, which is a wonderful city on the Sea of Cortez. It's a peaceful agot — great for a short vacation. A page of the season of the literally amount of mone, We had no credit cards, only a few dollars left. The airport mainly consisted of a thatched roof. We were woiting for a plane to arrive from Mexico City en route to Tijuana, where we serie creates would be a little late. An hour

THE READER PUZZLE

By Don Rubin

596 What's Up?

Reader Puzzle will be a Reader T-shirt. 2. All entries in the Reader Puzzle

2. All entires in the Reaser Puzzle contest must be received by the Reader (addressed to Reader Puzzle, RO. Box 88083, San Diego, CA 92188) by 900 am., Wednesday, six days following the issue date.

3. All entires man, address, and their immediate families are not cigible.

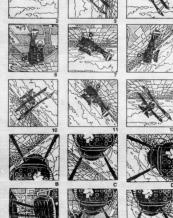

5. In the event of disputes or ites.

5. In the event of disputes or ites. decisions of the indees will be

decisions of the judges will be final and arbitrary. We've only got five prizes each week to give away, so if there are more than five winners, we'll have a lottery.

6. All answers must be entered in the space allowed on the puzzle page. And please, no phone calls or trips to our office.

7. One entry per person.
