## The Schroeter Family Real People, Real Friends

A fire on the morning of April 8 devastated the Rock Lobster Cafe y Cantina. It's been a long road, but we're back.

We at Rock Lobster would like to take this opportunity to thank three very special people, the Schroeter family, who came in on numerous occasions to help us get open.

The outpouring of calls, letters and community support has been overwhelming. We would also like to thank the San Diego Fire Department, San Diego Police, Rubin Insurance Agency, Security Pacific Bank, Bulding Trade Service, E & F Adjusting, Rock Lobster Management Group and B-100 Radio for their help and caring support.

It's great to do business in America's Finest City ... You truly are ...

Once again, thank you!

You do a great public service informing consumers that the true cause of the water shortage is not them using too much but interference with free-market prices for water.

Farmers who pay next to nothing for subsidized water waste it by growing water-intensive crops like cotton, rice, grass, and alfalfa in the desert. Since, as your article points out,
