YOUR per lineage, always is the mark of your art, and "When the Night Is Dark and Long," by Charles Copper, is a perfect example of this. The poem's language is simple yet powerful, evoking the beauty and majesty of the night sky. Copper's use of imagery is masterful, creating a vivid picture of the stars and the moon, and the feeling of isolation that comes with being in the wilderness under the night sky.

The poem's structure is also noteworthy. It is composed of three stanzas, each beginning with the repetition of the words "When the night is dark and long," which creates a sense of rhythm and flow. The rhyme scheme is AABBCC, which adds to the poem's musicality.

Overall, "When the Night Is Dark and Long" is a beautiful and timeless poem that captures the essence of the night sky and the emotions it can inspire. It is a perfect example of how a simple line of poetry can convey profound meaning and create lasting impressions.

God's concealing and revealing.
In death the concealment in the Resurrection, the revelation.

When Jesus came from the dead, the proof of his resurrection was revealed.
In the same way, in the Resurrection, the truth of God's life in us is revealed.

SPORTS

Indoor and outdoor guys, however, agree on one thing: It's not a game without a net. Indoor guys go home if they don't have one.

BY COLIN FLAMERTY

Springfield, Ill., is a town where basketball starts with a bang. In fact, the first basketball game was played there in 1891 by Dr. James Naismith, who invented the game. Springfield is the birthplace of the sport, and the town is proud of its basketball heritage. From the streets to the schools, basketball is a way of life in Springfield. The town is full of basketball-themed bars and restaurants, and the local team, the Springfield Senators, is a real crowd pleaser. If you're a basketball fan, Springfield is a must-visit destination. It's the perfect place to experience the history and culture of the sport.

**THE NUMBERS RACKET**

Numbers are the best way to talk and use the power of the world. To know what's happening, you need to know the numbers. To understand the world, you need to know the numbers. To control the world, you need to know the numbers.

You can use numbers to make decisions, to predict outcomes, to understand trends, and to make informed choices. Numbers are the foundation of any successful business, any successful investment, and any successful strategy.

Do you want to be successful? Then learn the numbers. Do you want to understand the world? Then learn the numbers. Do you want to control the world? Then learn the numbers.

The numbers are the key to everything. And if you don't understand them, you're just a number in a sea of numbers.

Reader Phone Matches
Success Stories:

Carolyn S.

TALL, SLIM, JEWISH, blue-eyed blonde, professional artist, looking for
someone to share this adventure with, a warm heart and sense of
humor a plus.

She's self-assured and poised...a native of Detroit, Michigan, whose spirit of adventure
prompted a move to San Diego one
year ago. Now Carolyn is the creative
director for a local weight
management firm and loving every
minute of it.

Reader: From Detroit to San Diego...that's
quite a change.
Carolyn: It sure was. In fact, the first
conversation I had when I arrived was: "So,
who's your personal trainer?"
R: Are we really that bad?
Carolyn: Actually I've been pleasantly
surprised; there's a lot more to San Diego
than the beach.
Interesting people, interesting
effects, arts, lots of cultural
happenings.
R: Why Reader Phone Matches?
Carolyn: I'm 39 years old, so it's hard to meet singles
in my age bracket...especially when most of my friends
are married.

R: How about taking up a sport?
Carolyn: I do bike and swim, but let's face it -- it's
pretty hard to strike up a conversation
while you're doing laps with a pair of
fin-goggles on.
R: Some people might say Phone
Matches is only for the lovelorn...or
the desperate.
Carolyn: I disagree. I'm very impressed
with the apparent quality of the people
who responded to my ad...and those
who place ads for themselves.
R: What's best about Phone Matches?
Carolyn: I like the ease of meeting
people with similar interests, the
safety factor of being able to screen
prospective dates anonymously...
R: So you're having fun?
Carolyn: I sure am. It's nice to
come home and access your replies and find out, "There
are people out there to meet!" If nothing else, I'll have
made some new friends. And that's also important.
