# **Reader Phone Matches Success Stories:**

Jamie and Steven Larson

Jamie: Once upon a time, okay, it was the Spring of 1990, I moved to San the Spring of 1990, I moved to San
Diego from New York – that's why I talk really fast - and a few months later I was wondering how I could meet some new friends when my co-workers suggested that I place a Phone Matches ad in the Reader. I got about 100 responses. Steven: Her ad sounded interesting and, as

you can see, I've got a mustache. Jamie: I called Steve back because he sounded down to earth.

Steven: And I really liked her attitude.

Jamie: We talked for a long time; I still have the conversation on tape. Eventually we agreed to meet at a restaurant on the 4th

of July.

Steven: Talk about fireworks!

Jamie: Our two-hour lunch date ended up lasting

all day.

Steven: We took a drive to the Cuyamaca Mountains... Jamie: ...where we sat on a rock and talked for a long

time. Then the ants came along. And then, finally, he kissed me. Steven: We were engaged by the end

of August. Jamie: I encourage other women to place Phone Matches ads. Take the

chance! They're free and they're safe. And you get to choose who to call back. Just meet at a public place, be casual, be yourself, and go with the flow of it. Steven: But be realistic. It does take

time. I met approximately 30 women through these ads before I

message you will ever read.

Here is why: My name is Steve
Kosier and this last Thanksgiving I
weighed in for dinner at 270 pounds.

My family and friends took me off to the side one by one and they asked me strange questions like: Is everything OK with you and Marla (my wife)? Are you guys having money problems? What's wrong with you, Steve?

you, Steve?

Well, you see at the time I was making more money then I ever had and I couldn't have been more in love. So why were they asking me all those questions? Well, once I pulled the truth out of them, here's what they talk as Value and the standard or market. they told me. You've gained so much weight and you look like hell. We're concerned about you. If there's

something wrong we want to help!

the next day my self-image was about as tall as an ant. It was already low but now I was rock bottom-time to do something about it! Time to go on another die!

The day after Thanksgiving I took out the Slim-Fast, you know, the staff that my best bud Tommy Lasorda uses. I proceeded to drink my two-balanced meal at night. By day three I was out of my mind. I couldn't get any work done. All I did was look at my watch to see when my next shake my watch to see when my next shake was due because I was hungry and miserable.

about to resign myself to Jenny Craig

By now I was desperate for food and shaking! I hadn't lost one single pound in three days and this woman has lost 12 pounds and wasn't on a diet. So three minutes later I was at this other neighbor's front door asking where do I get this miracle

product?

By the way, I haven't told you yet that I'm at the front door of one of the leading cardiologists in the country. So I ask Dr. neighbor to tell me about this miracle product.

Dr. neighbor tells me the name of this wonder product is LiplStop. He explains to me that the LiplStop formula is also about this base of the product is the base of the product is the product in the product is the product in the product in the product is the product in the product in the product in the product in the product is the product in formula is taken in tablet form every time you eat something that has fat in it. Each tablet renders about 20 grams of dietary fat indigestible and the excess fat is passed in the stool. All you do is table one, two, three, up to five tablets with a meal or snack depending on the fat content of that meal and LIp(Stop renders the fat in the meal indigestible.

You see, Dr. neighbor has been prescribing LIp(Stop to bit patients for the past four years as a method to remove fat from their diet. He went on to tell me that LIp(Stop has been used in private practice by

By the way, my cholesterol level in December was 277 (ouch) and as of March, 1991 my cholesterol level is 214. All the result of eliminating fat

Let me continue to brag about this miracle I found called LipiStop. Because the product was born from the medical field it is an F.D.A. are all natural.

WHO NEEDS THIS SECRET?

Everyone! Yes, I said everyone! If you are concerned about fat in the foods you eat and its harmful effects you need this product, Today every American knows about the harmful effects and the damage to our vital effects and the damage to our vital organs that result from the ingestion of diesary fat.

I believe so strongly in the positive effects of this amazing product that I contacted the manufacturer and have now become a distributor of LipiStop. The manufacturer, American Horizons, backs LipiStop with an unconditionable of the product and if you are not completely satisfied with the

The cost for a one-month supply of the LipitStop formulation is \$49.90. If you would like to purchase a two-mounts supply the cost is \$84.80 (a \$15 savings) and a three-month supply of LipitSop is \$118.50 (a \$31 savings).
