He’s been driving alone, non-stop, pausing for gas and two terrible roadside meals.

"How much?"

"Seven hundred fifty dollars, American."

I pull out the wet bills and count out $800. He hands me 50 back in change. He smiles.

I lift the lid on my father. I can count the tiny white whiskers growing in the blackness of his chin and throat. Stains smaller than dimes dot the front of his shirt—stains he would never have allowed in life.
In the months subsequent to his death, the entire police force of San Luis Rio Colorado apparently has retired.

New Theater a Double Blessing

BY JEFF SMITH

The 31st season of the La Jolla Playhouse production was well underway as this column was written. One of the highlights of the season was the premiere of "A Funny Thing Happened on the Way to the Forum," a musical comedy written by Stephen Sondheim. The show features a talented cast, including the well-known actor, Paul Reubens, who plays the lead role of Archimedes. The music and lyrics are superb, and the production is directed by the veteran theater director, Harold Prince. The audience was enthralled with the show's humor and wit, making it a true delight to watch.

Mainly Mozart:

HAYDN, MOZART, MENDELSSOHN and SCHUBERT

Ludwig van Beethoven was a master of the symphony, and his works are still enjoyed today. However, his music was only the tip of the iceberg when it came to the art of composition. The great masters of the classical era, including Mozart and Haydn, left behind a legacy of music that continues to inspire and entertain. This season, the La Jolla Symphony will present a concert of works by these three composers, showcasing their unique styles and musical genius.

The problem is what to do with all that residual Hamlet business.

TINY BUBBLES

As women watch the ocean go by, they become more aware of the fact that they are \textit{not} the only creatures that grow old. The waves on the beach are \textit{not} the only things that change over time. It is a reminder that life is not just about what we do, but also about how we \textit{exist}.

AMERICANS DON'T KNOW HOW TO SUFFER.

The act of suffering is an integral part of being human. It is through suffering that we learn to be more empathetic and compassionate towards others. It is a reminder that life is not just about happiness, but also about overcoming adversity.

HEROISM AT THE ORGAN IN BALBOA PARK

The Organ in Balboa Park is not just a piece of art, but also a symbol of resilience. Despite being damaged by a storm, the Organ has risen from the ashes to become a beacon of hope and inspiration.

LITTLE EGYPT

The story of Egypt is one of perseverance and survival, both of which are reflected in the vibrant and diverse landscapes of the Middle East. From the pyramids to the canals, Egypt is a testament to the strength of the human spirit.

Bob: I wondered "who is this celebrity?"
Joyce: When we finally met on February 2nd, I felt instant recognition; there was a little thump.
Bob: We have a good ability to communicate; we became

Joyce: I accepted her and my kids did, too.

Introducing the San Diego Reader's

JOB FINDERS HOTLINE

1-900-844-JOBS

You Tell Us the Job You Want.

Reach many unadvertised job openings in San Diego County.

Because it's the only newspaper to advertise job positions in the daily newspapers, many employers and employment agencies list only a small portion of their available positions. The San Diego Reader Job Finders' Hotline is different. It's a place where San Diego employers can list all of their jobs. And it's a convenient place for you to apply for them. Obviously, call 1-900-844-JOBS to see your jobs.

Discover that finding a new job is no longer a full-time job.

Using your touch-tone phone, you can now have 24 hours a day of positions that you are interested in. Each phone call gives you access to 30 job listings, of which you can select up to 30. Positions are listed each business day, and as soon as a position is filled, it is removed from the hotline.

The best jobs go quickly...

But not all positions may be your style. During a 4 or 5 minute call, you can listen to a list of job listings in your line of work and, in some cases, hear a potential employer's full job description. Some listing positions also appear on the Reader, but you can contact them on the Reader before they are filled on Thursday's edition.

Free Job Finder's Handbook

Everyone who calls 1-900-844-JOBS may request a free handbook which contains job search advice and tips that will help you perform better on job interviews.
