Jamie: Once upon å time, okay, it was the Spring of 1990, I moved to San Diego from New York – that's why I talk really fast – and a few months later I was wondering how I could meet some nev friends when my co-workers suggested that I place a Phone Matches ad in the Reader. I got about 100 responses.

Sieven: Her ad sounded interesting and, as

you can see, I've got a mustache. Jamie: I called Steve back because San Diego Reader Phone Matches

he sounded down to earth. Steven: And I really liked her attitude. Jamie: We talked for a long time; I

still have the conversation on tape. Eventually we agreed to meet at a restaurant on the 4th of July.

Steven: Talk about fireworks!

Jamie: Our two-hour lunch date ended up lasting all day.

Steven: We took a drive to the Cuyamaca Mountains... Jamie: ...where we sat on a rock and talked for a long time. Then the ants came along. And

then, finally, he kissed me.

Steven: We were engaged by the end of August.

Jamie: I encourage other women to place Phone Matches ads. Take the chance! They're free and they're safe. And

you get to choose who to call back. Just meet at a public place, be casual, be yourself, and go with the flow of it.

Steven: But be realistic. It does take

time. I met approximately 30 women through these ads before I met Jamie.

Jamie: We got married on February 10th, 1991. It was a fun party! We gave our guests those glasses with big noses and bushy eyebrows to

wear. It was quite a sight! Our new project is baby-making! Can't you just imagine our little ones running around wearing big noses and bushy eyebrows?

Introducing the San Diego Reader's

1-900-844-JOBS

Madada Madada YOU TELL US THE JOB YOU WANT ...) Ø WE TELL YOU

Reach many unadvertised job openings in San Diego county.

Because it is extremely expensive to advertise job positions in th daily newspaper, many employers and employment agencies list only a small fraction of their available positions. The San Diego Reader Job Finders Hotline is different. It's a place where San Diego employers can list all of their jobs. And it's a convenient place for you to apply for them. (Employers call 235-3000 to list your jobs here.)

Discover that finding a new job is no longer a full-time job.

Using your touch-tone phone, you can now hear 24 hours a day about positions that you are interested in. Prompts quickly guide you to up-to-date job listings in your particular field. New jobs are listed each business day and as soon as a position is filled, it is removed from the hotline.

The best jobs go quickly ...

and one of them may go to you. During a 4- or 5-minute call, you can listen to a few job listings in your line of work and, in some cases, leave a personal message for an employer which expresses your interest in a particular position. Some Hotline listings also appear as printed ads in the Reader; but you can respond to them on the Hotline before they are printed in next Thursday's issue.

Free Job Finders Handbook

Everyone who calls 1-900-844-JOBS may request our free handbook which describes in detail how this job service works. The handbook also includes information about San Diego's employment market, resume preparation advice and tips that will help you perform better in job

This week there are job openings in the following categories:

All checked categories have current job listings as of pr time. After dialing 1-900-844-5627, you'll be asked to p the code number that follows the job category which
