Reader Phone Matches Success Stories:

Terry Nosler and Fela Cooper

Fela: There are nine of us Jewish girls in a group. One of them, my friend Linda, told me that I should put a Phone Matches ad in the Reader. She said she was having so much fun and she was meeting so many exciting men. After that, my friend Renee and I stayed up from 9pm to 1am laughing and writing our Phone Matches ads. We decided that even if we didn't get any responses, at least we had fun writing them.

Terry: I liked Fela's ad because there wasn't any "attitude" in it. It was really down to earth.

Fela: When Terry answered my ad, he said on the recording, "I'm everything you asked for, except I'm not tall; I'm average height." thought nine out of ten isn't bad.

Terry: We began our first date with lunch at Horton

Plaza. We stayed together on that date for 14 hours.

Fela: We learned that we have both lived in the same three cities, at approximately the same time...but he's an architect and I'm a pharmacist. It took Reader Phone Matches to bring us together.

Terry: Since we've been together, I've never felt like I've needed my "space."

Fela: He washes my dishes and helps me with my laundry. Our families even call each other on the telephone.

Terry: On June 15, we drove out to Sunset Cliffs and at the moment the sun broke through the clouds and set, I

Free Job Finders Handbook

Because it is extremely expensive to advertise job positions in the daily newspaper, many employers and employment agencies list only a small fraction of their available positions. The San Diego Reader Job Finders Hotline is different. It's a place where San Diego and Northern California employers can list all of their jobs. And it's a convenient place for you to apply for them.

Everyone who calls 1-900-844-IORS may request our free handbook which

describes in detail how this job service works. The handbook also includes

information about San Diego's

employment market, resume preparation

advice and tips that will help you perform better in job interviews. Allow up to two weeks for mailing.

Using your touch-tone phone, you can now hear 24 hours a day about positions that you are interested in. Prompts quickly guide you to up-to-date job listings in your particular field. New jobs are listed each business day and as soon as a position is filled, it is removed from the hotline.
