his or her voice but the sound of that voice is the sound of your voice. Not the sound your friends know or the sound of a tape played back of your skull, your voice heard by an internal ear informed by internal abstracts and what you know by feeling, having felt. It is your voice having feh. It is your voice saying, for example, the word bern that the writer wrote but the barn you seek were. The voice is a barn you know or knew. The voice in your head, speaking as you read, never says anything neutrally — some people hated the barn they knew, some people love the barn they know so you hear the word loade? and a sensory constellation is lit: horse-gnawed stalls, hayloft, black heat tape wrapping a water pipe, a slippery spilled chirrr of oats from a split sack, the bony, filthy haunches of cows. And barn is only a noun — no verb or subject has entered into the sentence yet! The voice yet hear when you read to yourseif

We're Together, the world's leading personal introduction service - the best way to meet someone special. Better than videos - where you can

watch for hours, and meet no one. Better than personals where you have to ask, 'Is it fact or fiction?' We introduce you to compatible people who want to meet you. And because we do all the work,

it's very convenient. If moments like this are special to you, call Together.
